Declaration of Applicant

I hereby declare that all information given on this application is true and complete. I understand that PPDM reserves the right to deny my application on any grounds it deems reasonable. I also understand that any misrepresentation on my part may result in denial of my application or cancellation of my certified status. If certified, I shall comply with the relevant policies of PPDM, including but not limited to the *Privacy Policy* and the *Ethical Integrity Policy*.

I understand that my personal information will be stored by PPDM, and that my references will be required to approve the storage of their information by PPDM.

I understand that to write my exam, I will log into the system and show the live virtual proctor one piece of government issued photo ID. I will be in a quiet, private location with no additional aides (textbooks, tablets, cell phone, etc.) around me for the duration of the exam. The virtual proctor will observe me in real time via webcam and communicate with me via speakers/headphones and microphone. I will be requested to pan the room 360 degrees with my webcam before I begin the exam, and after any breaks. I understand that any anomalies observed by the proctor once the test has started will be reported to PPDM. I agree that the recording of my proctored exam session will be securely stored by PPDM for 6 months, or longer in cases where an investigation or appeal is underway.

I agree that my name will be listed in the online PPDM Credential Registry as long as I hold the CPDA certification.

As a CPDA I will be required to obtain Professional Development Units and remain current with my annual renewal fees to maintain my certification and retain documentation supporting reported PDU activities as outlined in the CPDA Credential Maintenance Handbook.

PPDM requires consent pursuant to Canada's Anti-Spam Legislation (CASL) to send electronic communications. I consent to receipt of electronic messages from PPDM.
