Volunteer of the Month

The November Volunteer of the Month is Mike Skilleton. Mike is the Chair of the PPDM Denver Leadership Team, leading this group through not only their first Denver Data Management Workshop, but also the creation and formalization of new processes and policies for PPDM events. Vice President of Business Development at EnergyGU for nearly 5 years, Mike has also been a strong supporter of PPDM and our continued efforts to build the Data Management Community. Prior to joining EnergyGU, Mike held a variety of Business Development, Marketing, and Managerial roles with Accenture, Strataplan, Glop Media, Eolane, ClickZ, Commerce &, and others. Mike holds a Bachelor of Science in Computer Science from Colorado State University.

"Mike is an amazing individual to work with. Whenever he goes, Mike brings his intelligence, experience, sense of humour, and friendly manner, making him easy to engage with and a pleasure to work with. PPDM is incredibly lucky to have Mike as a supporter and Chair of our Denver Leadership Team," says Pam Kosciulski, Community Relations Coordinator with the PPDM Association.

Volunteer with PPDM

Through the work of multiple volunteer groups, the PPDM Association and our members are creating truly workable, knowledge and Professional Development resources for the benefit of the petroleum industry. This is your change to help improve your petroleum data management skills while contributing to the health of our industry, and also looks great on your resume. Email info@ppdm.org to find out how you can contribute now.

COMMUNITY & EVENTS

HOUSTON DATA MANAGEMENT LUNCHEON
December 11, 2016
DENVER DATA MANAGEMENT LUNCHEON
December 13, 2016
HOUSTON DATA MANAGEMENT SYMPOSIUM & TRADESHOW
February 24-28, 2017

WORK GROUP & COMMITTEE HIGHLIGHTS

Have you visited the Regulatory Data Standards Community LinkedIn page? It is updated with meeting summaries, videos from the update given at the Calgary CMD, and other important documents. Be sure to visit the page to stay informed on the work being done by this group.

Do you have a passion for Data and Business Rules? Our Rules Community is recruiting interested members to join this team and continue building the future of the Business Rules. Contact projects@ppdm.org or join the group.

The What is a Completion Work Group is continuing their hard work to disseminate the complicated term "completion" and create a communication toolbox to support better communication. The group has developed a comprehensive list of different semantic meanings and has begun mapping these to achieve better clarity.

FOUNDTIONS - VOL 3 ISS 3

Foundations, the Journal of the Professional Petroleum Data Management Association, Volume 3 Issue 3 is now available on www.ppdm.org/publications. Be sure to read this interesting read.

JOIN US AT THE HOUSTON DMS

The dates for the 2017 Houston Data Management Symposium & TradeShow have been announced – February 28 and March 1, 2017. We are currently accepting abstracts to speak at this event, along with sponsors and exhibitors. To learn more, visit www.ppdm.org/houstondms2017.

CERTIFICATION

Congratulations to the candidates who wrote the November 2, 2016, CPDA Examination. If you are interested in the results, be sure to visit our website – www.ppdm.org/certification.

MEMBERSHIP

Have you renewed your Corporate or Individual membership yet with the PPDM Association? Be sure to do so before the year ends. Membership doesn’t expire so that you don’t miss out on great benefits like discounted events, access to resources, and the chance to sit on Committees and Work Groups, and more.

PIONEER WINNERS

Congratulations to the winners of the PPDM 25th Anniversary Pioneer Award for Dedication which was announced at the 2016 Calgary Data Management Symposium, TradeShow, & AGM, on October 16, 2016. The winners were Wfer Baird, Art Boykow, Dave Fisher, Mal Hustad, Pat Rhymes, Yogi Schatz, and Chuck Smith. These individuals were selected based on their contributions to the PPDM Association from its early days and their dedicated and sustained involvement over our development years. Thank you so much to everyone who attended this year’s Symposium.

TRAINING

The year is soon coming to a close, and many are heading into the final stretches to finish their annual performance plans. Why not add some PPDM Training to your achievements for the year?

UPDATE YOUR PROFILE

Would you like to continue to receive communications such as this or Foundations? Be sure to update your profile on www.ppdm.org before the end of November to stay on our communications list.

Keep In Touch!
