PERTH DATA MANAGEMENT WORKSHOP

Our Perth Data Management Workshop is will be on August 10, 2017 and our Leadership Team is hard at work creating a great agenda. We are accepting registrations and sponsorships for this great one day workshop – and would love to see representatives from organizations such as yours. Please visit www.ppdm.org/perthdmw17.

WHAT IS A COMPLETION?

Our *What Is A Completion* Work Group has been hard at work creating definitions and resources to help those in industry differentiate between the various versions of the term 'Completion' that are out there. When this Work Group is done, we aim to have a resource similar to the popular *What is a Well* booklet.
