

CONNECTING TOGETHER

Working with community organizations like yours is important to the PPDM Association. This communication has been developed to provide your organization and its members with highlight updates that they may find of interest. These ideas are short snippets, ideal for website updates, meeting notes, or newsletters.

If there is specific information your organization would be interested in updates on, please feel free to email communications@ppdm.org and we'll make every effort to include it in future editions.

OKLAHOMA CITY DATA MANAGEMENT WORKSHOP

PPDM's Annual Oklahoma City Data Management Workshops is coming up on May 2, 2017 and is sure to be a popular one. With a full day of sessions and a field trip, attendees will have a chance to hear what's new in the industry and time to network and get to know each other. Registration is still open, so please visit www.ppdm.org/okcdmw17.

WELL MILESTONE SURVEY

There is still time to fill out the Well Milestone Dates Survey. We need another 40 people to provide feedback on several date milestones to help PPDM prioritize and scope out the work for a new work group. Your input matters, so please [take the survey](#) today.

FOUNDATIONS JOURNAL

Foundations, the Journal of the Professional Petroleum Data Management Association, is available free (after logging in) to anyone interested in keeping up to date with what's happening in the industry. We are always on the lookout for interesting new articles, content and photos to include in this publication. Our articles cover a variety of topics, and are read by CEO's to Analysts. Visit www.ppdm.org/publications to access a copy now!

We can also provide hard copies for your events, if you are looking for additional kit stuffers. Contact Foundations@ppdm.org for more information.

YOUR EVENTS

Remember, PPDM is able to post our not-for-profit partner's events on our website. Simply email the details to events@ppdm.org!

The Professional Petroleum Data Management Association (PPDM) is the not for profit, global society that enables the development of professional data managers, engages them in community, and endorses a collective body of knowledge for data management across the oil and gas industry.
