## ***“Data Management In Support of the Digital Transformation”***

Join the Australia West Leadership Team for the 2019 Perth Data Management Workshop & Field Trip.

The morning of August 14 will feature an optional field trip to the Pawsey Supercomputing Centre in Kensington. Learn more on [our website](#) about the Field Trip, note that seats are limited.

The afternoon of August 14 and the full day on August 15 feature a variety of presentations, discussions and panels around the theme of ‘Data Management in Support of the Digital Transformation.’ Presentations include ‘Petroleum Data Management in an Era of Digital Transformation’ by Neil Hookway (Woodside), and ‘A Generational Shift in Data Management’ by Kerry Blinston (CGG), along with updates from PPDM’s CEO Trudy Curtis, a workshop on ‘Professionalizing Our Discipline,’ and an interactive discussion on ‘Digital Transformation: Opportunities and Risks.’ Visit the agenda on the [website](#) for more information on all the presentations.
