

A Single Shared Set of Units of Measure

Jay Hollingsworth
Chief Technology Officer
Energistics

SLC Project

- Participation from PPDM, SEG, Energistics
- Managed by Energistics
- Objective: Create a set of units of measure for computer consumption in upstream oil & gas

Inputs

- Units of measure sets from: POSC, OpenSpirit, PPDM, NIST/SI, ISO, API, SPE, SEG, plus API RP66 v1 and v2
- Additional input from other organizations
- Team of interested experts

Results

- New units set produced, public comments received, comments reviewed with team
- New set will be published next month
- Takeup already from SPE DSA-TS (OPC-UA)

Thanks
